

and the
WINNER is...

GOLDTECH[®]
BIO 2000 

WINNER *for the Patient!*

GoldTech, designed for unsurpassed beauty and strength, has an impeccable, clinically proven track record with over half of a million units placed. Its biocompatibility and vitality will keep your patients smiling.

WINNER *for the Dentist!*

GoldTech, with the reliability and confidence of a PFM, requires no special handling from the dentist. There is less restrictive tooth preparation necessary and GoldTech can be cemented with conventional techniques.

WINNER *for the Laboratory!*

GoldTech combines new technology with the proven reliability of a PFM. GoldTech allows the lab to produce beautiful, vibrant restorations without the need for new equipment or training.
